That's my window.

Window system

TROCAL 88.

Centre seal. AluClip.

The forward-looking combination.

TROCAL 88 AluClip.

TROCAL 88 AluClip combines an ultra-modern PVC profile system with an aluminium cover. This modern system therefore unites the advantages of the two materials of PVC and aluminium in one single window. PVC profiles have optimum heat insulation and soundproofing properties, as well as durable functionality. Aluminium, on the other hand, is elegant, weatherproof and available in a wide variety of colour finishes.

TROCAL 88. Window and door systems with 88 mm installation depth.

- **Elegant design.**
